Application Procedures
All applicants for postgraduate diplomas and higher degrees have to satisfy the requirements of the relevant courses and the University regulations. Application forms may be obtained from the School of Postgraduate Studies after payment of an application fee at the Uganda Commercial Bank, Makerere University Branch. Foreign applicants should contact the Director, School of Postgraduate Studies for application forms. Please provide your e-mail and fax addresses for ease of transmission of these forms where applicable.

When to apply
Unless otherwise stated, all applications are made in March and April of each academic year. The closing date for receiving applications is normally 30th April of the year in which the admission is sought. However, applications for Doctor of Philosophy degrees are made and received throughout the year. Applicants for this category of degree must first present a synopsis of 3-5 pages length to the School of Postgraduate Studies for vetting and approval before they can qualify for provisional admission of up to one year.

All completed application forms must be accompanied by relevant copies of certificates and certified copies of academic transcripts and reference letters.

Forms which are not completed properly cause delays in the processing of applications.

Registration
Once a candidate has been accepted for registration, one must complete a registration forms both at the School of Postgraduate Studies and at his/her respective faculty/School/Institute.

The First Registration take place at the School of Postgraduate Studies. A student is deemed registered after paying the University fees as indicated on the Admission letter, completing two Registration forms, having them checked, signed by the Director of the School and after the student has signed a University Register at the School of Postgraduate Studies.

The Names in which the student is registered will be those, which appear on the student's letter of offer and these must be the Names, which appear on the Student's Degree Certificate. Married students who have acquired Names of their spouses will be permitted to add the New Names to their maiden names on production of a Marriage Certificate.

For Registration, Original documents of the following are required for verification purposes:

(a) Current valid identity card.
(b) Two copies of each of your academic testimonials/certificates.
(c) Five passport size photographs (only 3 are required by the School)
(d) A copy of a receipt to acknowledge payment of University fees indicated in the Letter of admission.

Any Postgraduate student who will not have registered according to the Registration Timetable and has not communicated with the Director's office, School of Postgraduate Studies (SPGS) shall be deemed to have declined the offer of a place at the University.

Note: 1. The Registration Timetable is obtainable from the School of Postgraduate Studies, Rooms 414 and 416.
2. For those who will not have completed payment, registration will be considered for only those who will have paid half of the total tuition plus all the statutory fees which include:- Registration, Examination, Administration and Library.

Registration at the Faculty/School/Institute
After registration with the School of Postgraduate Studies, each student is required to register in his/her faculty/Institute/school and Department. The dates for registration will be fixed by individual Faculty/Institute/School and Department (where the other 2 photographs will be required.)

Cancellation of Offer
The offer of a place in the University may be cancelled unless prior notification of valid and acceptable reason explaining failure to register has been received by the Director, School of Postgraduate Studies within three weeks of the 1st Semester.

Identity Cards
All registered students will be issued with official University identity cards on payment of a fee. Meanwhile it is important that you carry your Current Identity Card, which you may be requested to produce at any time by the University officials.

Accommodation
The University has very limited accommodation for Postgraduate students and the majority of students have to find their own accommodation. However, students who may wish to be accommodated in the Postgraduate Hall should submit their applications to the Academic warden of the Postgraduate Hall for consideration.

The current charges for accommodation only are as follows:

i) Ugandan students pay shs.100,000/= per month for a single room and sh.70,000/= per month each for shared rooms.

ii) Foreign students pay US$150 and US$100 per month for single and shared rooms respectively.
All the First year postgraduate students whether resident or non-resident must also register with the Academic Warden of Postgraduate hall and pay registration charges amounting to sh.11,000/= only. This registration takes place after finalizing registration with the School of Postgraduate Studies.

**Supervision**
Every candidate who undertakes research is assigned a supervisor and a co-supervisor who are specialists in the candidate's field of study. An applicant may, if one wishes, indicate the name of the person to supervise a research project. Nevertheless, the authority for the appointment of supervisors rests with the Senate. The supervisor may be changed with the permission of Senate.

**Progress Reports**
Every candidate is required to submit (through a supervisor) reports on progress twice a year. This is done on a special progress report form which the department will supply. Failure to fulfill this requirement may lead to discontinuation.

**Extension of Registration**
If a candidate realizes that he/she cannot complete his/her work within the time allowed, it is his/her duty to take the initiative to apply for extension of the registration. If the registration lapses, the candidate will be deregistered. Registration is normally sought after 30th September of the candidate’s 1st year of registration for Postgraduate Diploma students; 2nd year of registration in the case of Masters degree students and after 3 years for Ph.D. full time students and M.Med. students. Extension of registration is charged as follows for up to:-
- 6 months - a months worth of tuition fees.
- More than 6 months - full fees for the academic year.
Annual Registration, Administration and Library fees are paid as well.

**Withdrawal of Registration**
If a candidate finds that he/she cannot continue with his/her studies due to financial/social hardships but expect to complete studies at a later date, it is his/her duty to request for withdrawal and inform the University through the faculty Higher Degrees and Research Committee and Supervisor when he/she would resume studies.

   Other requirements like books, stationery and materials, accommodation, food, research expenses, etc. the sponsor should pay it directly to the student. (The figures are in Annex A: Section C)

7. The funds for research are paid to the student at the beginning of an approved Research Project.

EXAMINATION REGULATIONS

All Masters degree programmes are conducted by course work and dissertation and are based on semester system. The courses are conducted on credit unit basis, a credit unit being equivalent to one contact hour per week per semester i.e. a series of 15 contact hours in 15 weeks. One contact hour is equivalent to one hour of lecture/tutorial or 2 hours of practicals. Each academic year is divided into two semesters each of which lasts 17 weeks. Two weeks are allowed for examinations.

There is a recess semester of 10 weeks after the 2nd Semester.

Assessment of Courses:
(a) Every course is assessed on the basis of 100 total marks with proportions as follows:-

   Course work - 40%
   Written examination - 60%

(b) Course work consists of laboratory work and progressive assessment (Assignments/Tests) each component assessed at 20%.

(c) For courses without laboratory work, progressive assessment carries 40%.

(d) A minimum of two course work assignments/tests are required per course for progressive assessment.

Grading of Courses
Each course is graded out of a maximum of 100 marks and assigned appropriate letter and numerical grades as follows:-

(a) Masters degrees

Progression
Progression through the courses is assessed in three parts.

(i) Normal progression
This occurs when a student passes all courses taken.

(ii) Probationary
This is a warning stage and occurs if:-
(a) A student fails a core/compulsory course
(b) A student obtains a grade point average (GPA) or cumulative grade point average (CGPA) of less than 2.0
(c) Probation is removed when either of the two conditions (a) or (b) no longer holds.

Discontinuation
A student is discontinued from the Programme if one of the conditions below obtains:-
(a) Receiving two probations on the same core/compulsory course.
(b) Receiving two consecutive probations based on GPA or CGPA.

Re-taking a course
There is no supplementary examination in any course of the programmes. However, a student may re-take any course when it is offered again.

(a) to pass it if the student had failed it before.
(b) to improve the grade if the first pass grade was low.
(c) A student who does not wish to retake a failed elective course is allowed to take a substitute elective.

Dissertation
Dissertations/Theses are written according to the University approved format.

Submission of Dissertation/Thesis for Examination:
(i) A candidate is not allowed to formally start on research work unless he/she has passed the taught courses.

(ii) A candidate submits a research proposal to the Faculty Higher Degrees and Research Committee before the end of the second Semester and begins the research component during the second year of study.

(iii) Masters and Ph.D. candidates must be ready to submit their dissertation by the end of their 2nd and 3rd years respectively.
(iv) A candidate intending to submit his or her thesis/dissertation (or practical work), must give three months’ written notice of submission for a masters degree or six months written notice for a Doctoral degree to the Director, SPGS and must be endorsed by the Supervisor.

(v) When the candidates’ thesis/dissertation is ready for submission, he/she should submit three loose bound copies with the authority of the supervisor direct to the Director, SPGS.

*N.B. It is now a requirement that whenever a candidate is submitting the final copy of his/her dissertation/thesis, it must be accompanied with an abstract in a virus free diskette. No Dissertation will be accepted without this demand.*

(vi) Faculty of Medicine Postgraduate regulations on Masters degree dissertations:

a) The dissertation must be presented at least two months before the date of the final examination (written, clinical/practical and oral).

(b) The examination above (other than dissertation/viva examination) comprises five parts: Essay, MCQ; Clinical/practical; Oral; and progressive assessment.

*NB: Essay + MCQ weighted at 200 marks = two individual parts of the Examination.*

**Appointment of Examiners**
When a candidate gives notice of submission, the examiners and viva voce panel are recommended by the respective Faculty Committee for appointment by the Board of Postgraduate Studies and Research. It is the responsibility of the Board of Post Graduate Studies to appoint examiners and to ensure safe dispatch of copies of the thesis or dissertation to them.

**Reports of Examiners**
The reports of examiners are sent to the Director of the School of Post Graduate Studies who sends them to the Dean/Director for the Faculty Higher Degrees and Research Committee’s consideration.

The Faculty Higher Degrees and Research Committee handles the reports as follows:

(a) Where all the three reports are favourable or two reports are favourable, one of which must be from the external examiner and only minor corrections are required, the Faculty goes ahead to conduct the *viva voce* examination without delay. The candidate is advised by the Dean/Director (Chairman) to carry out the minor corrections to the satisfaction of the supervisor. Finally, the Faculty submits its recommendations to the Board of Post Graduate Studies and Research for award of the degree. This must be accompanied by signed minutes of the VIVA VOCE panel.

The supervisor/internal examiner appointed to ensure that corrections are effected, should submit his/her report to the School of Postgraduate Studies through the Dean/Director.

(b) Where the examiners’ reports are unfavourable and the thesis or dissertation requires major revision, the Faculty recommends either:-

1. Revision before *viva voce* examination.
2. Fail and re-submission of the thesis/dissertation for re-examination and later *viva voce*.
3. Fail and discontinuation.

(c) Where there is divergence in examiner’s reports, the Faculty should discuss and recommend appropriate action to the Board of Post Graduate Studies and Research.
Viva Voce Examination

All candidates registered for Masters and Doctoral degrees must be subjected to Viva Voce examination in order to assess the candidate’s in-depth knowledge of his/her registered work.

The following procedure is followed:-

(i) Notice for viva voce examination is given by the Dean/Director to the candidate to prepare for that examination and for members of the panel to read the thesis/dissertation.

(ii) The viva voce panel consists of six members with a chairman who should normally be the Dean/Director. The role of the chairman is to guide the examination.

(iii) Four members including the chairman should form a quorum. The candidates are accorded adequate time to make presentations followed by discussions of up to 2 - 3 hours.

(iv) The viva voce examination is a closed one conducted by the appointed panel only.

(v) Audio Visual facilities are availed to the candidates by departments (where necessary).

(vi) The assessment follows laid down criteria where panelists evaluate the presentation, the thesis/dissertation and the response to their questions and give a percentage mark.

(vii) Candidates are finally assessed on a 10 (ten) point system and a pass is equal to 5 points (50%).

(viii) If a candidate is assessed and found to be on borderline, the panel takes a decision and makes an appropriate recommendation.

(ix) In case of revision/corrections being required, one of the internal examiners should be satisfied to the completeness of the exercise.

(x) In case of failure the candidate may be advised to redo the work or to discontinue from the degree programme.

(xi) The report of the viva voce examination includes the membership and recommendation of the panel and is signed by all panelists that attended the session.

Award of Degrees

A letter of award of the degree is processed by the School of Postgraduate only when a candidate has made corrections on the thesis/dissertation as recommended by the viva-voce panel and a letter from the examiner who was entrusted by the viva voce panel to oversee the corrections. The examiner writes to the Director SPGS indicating that he/she is satisfied with the corrections, through the Dean/Director. Viva voce examination report be made available to the School of Postgraduate Studies before the award letter is prepared.

Note: Only those candidates who have received or have their award letters in preparation are eligible for inclusion in the book of graduands and to attend the graduation ceremony.

Occasional Students

(a) Such registration shall not lead to any award of the University, unless otherwise decided by Senate, but the Faculty may make appropriate arrangements to test its occasional students and a statement about the work covered by such a student may be made available on request. The student may also sit regular examinations at the end of each semester for which a transcript will be provided on request.
(b) The University shall not enter into negotiations, on behalf of an occasional student, for purposes of getting agreements with another University on the crediting of the student’s work covered during his registration although the University shall provide a statement of attendance/result on request in form of a transcript on payment of the transcript fee.
